

Welcome Message from the NCFI President

The joy of the Lord is our strength. We gladly welcome you to the Nupe Christian Fellowship International (NCFI) online. God desires we love one another and share in fulfilling the Great Commission in reaching all the Nupe people and the entire world with the gospel of Christ. Historically the Nupes are indigenous people in Niger, Kwara and Kogi States and today found in the major cities and towns in Nigeria.

“The harvest truly is plentiful, but the laborers are few. Therefore, pray the Lord of the harvest to send out laborers into His harvest” (Mathew 9: 37-38)

The 21st century purpose of Nupe Christian Fellowship International is to galvanize the laborers into the harvest of Christianity in Nupeland and among the Nupe people worldwide. The early missionaries played their part by planting several churches through various Christian denominations in Nupeland. These churches need support and our commitment to reach all the Nupe people. The NCFI takes diverse approaches to support the churches and reach out to all the Nupes. This website provides information on evangelism, the churches and clergies, social responsibility, music and songs and Christianity in Nupe land and among Nupe people in history and today.

We invite you to join us in taking the gospel of Jesus Christ to all the Nupe people in Nigeria and Worldwide. God bless you abundantly.

MR. Jacob G. Tsado
